

# IZHAN SHEIKH

FRONT-END DEVELOPER  
UI/UX DESIGNER  
SEO

## PROFILE

I am a Class 10 student at The Smart School, currently pursuing a 3-year diploma in Software Engineering at Aptech. I am passionate about technology and specialize in front-end development, SEO, and UI/UX design. With a solid command of HTML, CSS, JavaScript, and proficiency in MS Office, I am focused on creating efficient, visually appealing, and user-friendly web solutions. By combining my academic pursuits with professional training, I aim to continually refine my skills and deliver innovative digital experiences.

## Projects

### Portfolio Website.

Created a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects.

#### Key Features:

- Includes a dynamic "About Me" section, skills showcase, and project gallery.
- Integrated smooth scrolling and interactive navigation for better user experience.
- Outcome: Demonstrated proficiency in front-end development; showcased on GitHub and shared with potential employers.

### Nobel Prize Winners Website.

Created an informative website displaying biographies of Nobel Prize winners in science. Used HTML and CSS to ensure an engaging and responsive design.

**Outcome:** Demonstrated ability to design clean and organized websites with focus on user experience.

### UI/UX Design for Mobile App.

Designed a mobile app layout for a fictional food delivery service using Figma.

#### Key Features:

- Created wireframes and prototypes showcasing user flow.
- Focused on color schemes, typography, and layout for a modern, minimalistic design.

#### Outcome:

- Enhanced understanding of UI/UX principles and user-centered design.
